Permit application submittal requirements

Accessory structures may require review by the City’s Architectural Review Board. Below is the list of items which must be submitted with the permit application for ARB review. Drawings submitted for ARB should be sized 11”x17” and readable. Complete sets of detailed construction drawings (CDs) are not necessary for initial ARB review, but two (2) full-sized sets of construction drawings will be necessary after ARB approval to verify building code compliance.

	Building permit application
	\$30.00 application fee
	One (1) copy of Boundary & Improvements Survey Note: Real property reports and Mortgage inspection reports do not qualify as a Boundary & Improvements Survey
	7 copies of the site plan showing location of accessory structure and setback to property line, drawn to scale
	7 copies of the building plans or specifications including, but not limited to: <ul style="list-style-type: none"> • Floor plan • Elevations (all sides) • Wall section • Foundation/footing plan or anchoring method • Preliminary stormwater control plan/topographical site plan of proposed improvements, identifying proposed set backs from property line • Photos of the existing front and rear elevations of the primary structure
	Contractor registration or homeowner affidavit
	One copy of the signed contract for the project. Note: Permit will not be issued without a signed copy of the contract. Exception: Homeowner as general
	Tree Preservation Plan required for property owners who have occupied property for less than 12 months
	Site Coverage and Floor Area Calculation Worksheet

I have submitted with my application all of the above listed items for review. All information is true and accurate to the best of my knowledge.
